

Multiple Problems:

- *Petty auto damage claims against your personnel, facility or valet company.....*
- *Damaged, scratched and unsightly posts and columns at every turn.....*
- *Typical public perception of "dark, dingy garages" being reinforced by your own posts and columns.....*

Your single solution:

- *Protects the pole, protects the car, and minimizes claims—protecting your bottom line & customer relations*
- *Cost effective—reduces repairs & repainting*
- *Highly visible cushioned protection keeps facility looking fresh*
- *Heavy duty but light construction*
- *One more way to "Do all you can"*
